OFFICIAL

Sir:

The Examiner is thanked for the courtesy of a telephone interview concerning the above case on September 25, 2003.

In the telephone call, two items were accomplished. First, the Examiner provided the official cite for a new reference being relied upon in the Official Action mailed August 28, 2003. That new reference is now properly cited as Roberts et al. U.S. Patent No. 6,476,930. Second, the Examiner recognized that the finality of that Official Action was premature. In that Action, unamended claims 1-11 were rejected on new art grounds. Upon Applicant's request to remove the finality of the action under MPEP §706.07(d), the Examiner agreed to withdraw the finality of the action.

As required by MPEP §713.04, please enter this Interview Summary into the application file.

Respectfully submitted,

Joseph B. Agusta
